

ASSEMBLY ATTACHES

One Takes His Meals in San Francisco.

THEY MUST ANSWER ROLL CALL

Most of Them Will Have Nothing to Do But Draw Their Breaths and Their Pay.

SACRAMENTO, February 9.—The question of attaches, which never fails to provoke a row in the assembly, was the cause of another debate. Bothby of San Francisco began it. He offered a resolution releasing the assembly attaches from compliance with the rule which compels them to answer at a roll call in the assembly chamber every morning at 9:30 o'clock or to forfeit the day's pay.

Spencer opposed the resolution, saying: "It seems to me that a majority of these men do not want those attaches to do anything. To answer that roll call is about all that most of them are now doing. It is now proposed to excuse them from that duty, so that they will have nothing to do but to draw their breath and draw their pay. But I am not going to offer any objection at this time to the legislature. It is plain to me that the majority of the assembly favors this sort of thing, and I realize that I am powerless to effect any change."

Dixon of San Francisco stoutly opposed the Bothby resolution. He declared the assembly's attitude on the attaché question to be outrageous. He asserted that there was on the pay roll of the assembly, drawing \$5 a day as a clerk, at least one San Francisco man who had not been in Sacramento but once or twice since the session began. This particular man is bragging that he has not missed a meal in San Francisco during the session. Dixon said there were other cases equally notorious.

Finally, after motions to lay on the table and to indefinitely postpone had been wrangled over and defeated, the Bothby resolution was put to a vote and defeated by a vote of 42 to 13.

McCarthy of San Francisco at once offered a resolution directing Rev. O. O. Smoot, the chaplain of the assembly, to be present in the assembly at 9:30 o'clock every morning, and to offer prayer for the assemblymen, attaches and employees. Speaker Lynch declared the resolution out of order.

The roll of the assemblymen, attaches and employees was then taken. The roll called for the assemblymen, attaches and employees. The roll called for the assemblymen, attaches and employees. The roll called for the assemblymen, attaches and employees.

At 12 o'clock the assembly adjourned. In the Senate.

SACRAMENTO, February 9.—The militia appropriation bill has been divided, and the senate committee on military affairs has reported a bill appropriating \$112,225 as the first appropriation for the payment of claims of soldiers who served during the late strike.

The county government bill will not be reported for a week at least.

The bill providing for the maintenance of the state prison, introduced by Senator Geary, has passed the senate without debate. It is now declared that the chances for passing the assembly are good.

FLORIDA ORANGE CROP.

Ninety-five per Cent. of the Crop Killed Outright.

JACKSONVILLE, Fla., February 9.—The freezing weather continues. The mercury was 19 degrees at sunrise this morning and 26 at 11 o'clock. The prediction of the weather bureau is that freezing weather will continue until Sunday night. The best informed orange grower in Florida, James A. Harris of Ocala, says that 95 per cent. of the crop is killed outright and the next year's crop will not reach 100,000 boxes against 5,000,000 boxes this year. The early vegetable crop and four-fifths of the pineapple plants are destroyed. The aggregate loss is conservatively estimated at \$10,000,000.

Engineers' Differences Adjusted.

SAN FRANCISCO, February 9.—Chief Arthur of the Brotherhood of Locomotive Engineers said today that all chances of any difficulty between the Southern Pacific and the engineers is now at an end. He said that mutual concessions had been made. Chief Arthur will leave next Tuesday en route for the east, stopping at Los Angeles.

Guatemala has Not Receded.

CITY OF MEXICO, February 9.—There is no change in the Guatemala matter. The Mexican officials will not give out any information, despite all reports to the contrary. However, it is learned on good authority that Guatemala has not receded from her original answer to Mexico and is still rushing troops to the frontier.

The City Must Pay.

SAN FRANCISCO, Cal., February 9.—The city attorney has given an opinion that the city should pay the bill of the Spring Valley Water company for water furnished during December. Mayor Suto vetoed the bill on the ground that rain had fallen twenty-two days in December and the water charged for had not been used.

Snicide at the Cliff House.

SAN FRANCISCO, February 9.—Ralph R. Selby, a well known real estate dealer and a member of an old family, shot himself through the head at the Cliff House this afternoon. No motive is known for the man's suicide.

The Markets.

SAN FRANCISCO, February 9.—Wheat—Firm; May, 92. Barley—Steady; December, 77 1/2; May, 77 1/2. Corn—Firm; December, 32 1/2; May, 32 1/2. Bran, 13 1/2 to 14. Court Notes.

In Judge Wohl's court an order was made setting aside a judgment in the suit of S. W. Johnson against G. E. Brown.

The proceedings regarding the estate of B. S. Berkhead were transferred to department 2.

In the suit of Bibiana Bolt against J. F. Houghton, judgment was given for the defendant.

A NEW WINTER RESORT.

Balmy Sunshine and Bidding Flowers at Tacoma.

TACOMA, Wash., February 9.—For three weeks the Puget Sound country has enjoyed most delightful midwinter weather, of which balmy sunshine and bidding flowers have been the chief features. In two weeks it has rained less than half an inch. Today the weather has been unusually fine throughout all parts of western Washington. Here the parks have been visited by hundreds of ladies and children in light wraps; rowboats are beginning to appear and buds on fruit trees are swelling. This country has never set up its claims as a winter resort, though several parties of tourists from Minnesota and Illinois are now visiting this section to remain until the weather moderates at their homes. The Northern Pacific's first steam-heated train arrived from St. Paul today, having encountered weather 49 to 52 degrees below zero in Dakota and Montana. The experiment was an entire success. After crossing the Cascade mountains steam was scarcely needed.

Steps Taken to Oust Guest.

SAN FRANCISCO, February 9.—Preliminary arguments were heard today in the application for a writ of quo-warranto to oust from the office of police commissioner of San Francisco Moses A. Gunn, appointed by Governor Markham on the last day of his term, and east in his stead Stewart Monzie, appointed by Governor Black. The entire question rests upon the governor's right to remove the police commissioner.

A CLOSE CALL.

BANKER HELLMAN HAS A NARROW ESCAPE FROM DRAPE.

A Crack Takes Two Shots at Him and Then Commits Suicide.

SAN FRANCISCO, Feb. 9.—James W. Hellman, the well-known financier, and president of the Nevada bank, had a narrow escape from death this morning. He had left his residence to walk down to the bank, as is his custom, and had not proceeded far when a man who had evidently been lying in wait for the banker stepped out from a doorway and pointed a pistol at him. The latter quickly struck at the revolver with his stick, which the would-be assassin grasped. After a brief struggle Hellman turned and ran towards the corner. The man fired twice at the rapidly retreating banker, but he was not hit and Hellman was not hurt. Then, apparently satisfied that one or the other of his shots had taken effect, the man deliberately shot himself through the forehead. Hellman quickly walked back, picked up his stick, which he had dropped in the struggle with his assailant, and returned to his house before taking his walk to the bank.

To his coolness in using his stick in the struggle, which he had used in such close range. The suicide was taken to the receiving hospital, where he died this afternoon. His name is William Holland, a carstone stock broker, who was arrested six weeks ago, and charged with presenting a forged check at the Nevada bank. When taken to the bank for identification the teller was at first doubtful, but finally said he had not seen the check. Holland was also taken to identify him, but Holland considered the arrest, although made without publicity, a reflection upon his integrity, and brooded over his fancied slight. Finally, he conceived the idea of avenging on Hellman and then on his own life.

HAWAIIAN ADVICES.

SIX REBELS SENTENCED TO BE HANGED.

Great Interest Attached to the Coming Trial of the ex-Queen for Treason.

VICTORIA, B.C., February 9.—There is a full influx in Honolulu and quiet reigns, the military council now sitting having finished its work. A large number of conspiracy cases are yet to be tried, and the probabilities are that the court will sit for two or three weeks at least. Great interest is attached to the forthcoming trial of the Queen. The government claims to have more than sufficient evidence to convict her of treason. What her punishment will be in case of conviction is hard to conjecture. For some time she has been in the hands of the military council.

The charge reads: "Treason, by engaging in open rebellion against the kingdom of Hawaii, by attempting by force of arms to overthrow and destroy the same, by levying war against the same, and by adhering to the enemies of the republic of Hawaii, plotting their ruin and overthrow, and by aiding and abetting the same."

The six leaders were all sentenced to be hanged. They are Charles T. Glick, William H. Rickard, William T. Seward, Robert W. Wilcox, Samuel Nowlen and Henry Bertelman. Sentences in the last two cases will be commuted, as both men have furnished valuable evidence for the government. Glick was born in this country, Rickard in an Englishman, Wilcox a Hawaiian. As yet no date has been set for the executions.

Editor Deater came over yesterday from Molokai and spent a few hours in this city.

Blmer K. Shepard, an attorney from Selma, late of San Jose, was in Fresno yesterday.

James A. Ward has been appointed by Governor Budd to a place in the secret service.

S. F. & S. J. V. RAILROAD

It May Be Built Into the Valley First

TO HANDLE THIS SEASON'S CROP

The Incorporation Papers Will Be Submitted to the Committee on Monday.

SAN FRANCISCO, February 9.—The San Francisco & San Joaquin Valley railroad company had no subscriptions to report today. The committee took a rest. On Monday E. P. Preston, the attorney of the committee, will present a draft of the proposed articles of incorporation. They will be submitted to the committee for action, and it may be a week, though he thinks the time will be less, before the incorporation documents are filed.

Once this is accomplished the question of route will naturally fall itself to the front, though it is the evident policy of those in charge to keep the matter in the background, in order that there may be as little difficulty as possible over rights of way, and that the indications to build in certain directions may be first received.

"That is a good idea," said Claus Spreckels, speaking of the Examiner's suggestion that the route be laid through the valley from Stockton down the valley during the next four weeks, and thereby enable the handling of a large part of this year's crop to Stockton. "We are not at all opposed to that route," he said. "It is the route we are now considering. It is the route we are now considering. It is the route we are now considering."

Member after member spoken to as to routes sought refuge in silence, which they stated in this case was golden. So, however, there is considerable talk on the subject. Some persons take it for granted that, starting from Oakland, the general line of the Southern Pacific will follow the coast, and then down the valley. Others speak of the possibility of making a short cut into the valley south of Stockton, and reaching deep water with some point on the bay.

Another route, which the would-be railroaders are now considering, is to make a short cut into the valley south of Stockton, and reaching deep water with some point on the bay. This route would be a great advantage to the farmers of the valley, as it would enable them to ship their crops to the bay and then to the coast.

It is not unlikely that the articles of incorporation may deal in a general way with the subject. They will be based on the agreement signed by the subscribers, but will be more specific in its terms. This agreement reads: "It is the intention of the subscribers to build a railroad from San Francisco, some point on the bay or the water's edge, to some point in Kern county, eastward, by any practical route to be determined."

PROBABLY MURDERED.

SKELTONS OF THE TUCKER FAMILY FOUND In the Ruins of Their Home, Which Had Evidently Been Set on Fire.

STOCKTON, February 9.—Stockton business men are making much of the fact that the ruins of the Tucker family home, which was set on fire, have been found. The Tucker family, consisting of a man, his wife and three children, were found in the ruins of their home, which had evidently been set on fire. The Tucker family, consisting of a man, his wife and three children, were found in the ruins of their home, which had evidently been set on fire.

JUVENILE TEMPLE.

An Entertainment Given at Nichols Hall.

A pleasant time was spent at Nichols hall last evening. It was the regular meeting of the Crystal Spring Juvenile Temple, which now numbers 65 young people, pledged against intoxicating liquors, tobacco, gambling and profanity. Last night's meeting was of more than usual interest. The following officers were installed: Superintendent, W. H. Mead; past chief, Tompkins; chief, George M. Mead; vice president, Maud Mills; chaplain, Belle Hulbert; financial secretary, Mrs. McIntosh; treasurer, Mrs. L. K. Mead; secretary, Emma Parrow; associate secretary, George M. Mead; clerk, W. H. Mead; marshal, Monte Bowen; deputy marshal, Lizzie Carling.

CURRENT TOPICS.

It Discusses State Tax and Income Tax.

At the regular meeting of the Current Topics Club last night, F. K. Barthel of Olander spoke in the "Single Tax" question. He said that it was an important matter in view of the wide-spread interest in the subject. The speaker said that the single tax is designed to remedy some of the evils of the present system. From this discussion went to taxation in general. The present income tax was spoken of by Mr. Barthel as a topic of the day. He gave a forcible exposition of the theory of taxation, and was not in favor of the present income tax. He said that it was a great incentive to fraud. After discussing the present income tax, the speaker turned to the subject of the single tax.

A LOTTERY RAIDED.

Constable Albion Throws Out a Drag Net.

Some days ago Constable John Albion announced that if the lottery business in this city did not stop, he would use his best endeavors to stop it. The citizens thought he was joking, or running a bluff, and refused to quit, although they were somewhat shy about it. But last night they were convinced that it was no joke.

Constable Albion and Deputy Outrigger, assisted by Policeman Anderson, made a raid on Lam Lee's game. The floor was shut, but Officer Anderson broke it down, and there was wild commotion among the celestials. They tore up desks, jumped through exits, tumbled over one another, and a considerable number escaped, but Lam Lee and ten others were captured. They were taken over to Justice St. John and were held to appear at 10 o'clock tomorrow. Lam Lee put up \$50 bail and the others \$10 each.

Torpedo Boats Captured.

Once Feb. 9.—The Chinese torpedo boats have just been captured by the Japanese. Two boats were also sunk and one escaped to the southward.

THE UNION PACIFIC.

Report of the Special Master in Chancery.

OMAHA, Neb., February 9.—Special Master in Chancery Cornish of the Union Pacific has filed a report on the revenues and a report of business for the months of November and December, 1893, and January, February, March, April, May and June of 1894, in the office of the grand court.

The report of the master has a saving clause, wherein he explains that whereas the figures of the operations shown by the statements of the receivers are a correct accounting of the several months reported upon, the methods of distribution of various charges, deficits, etc., may be so altered by subsequent decrees of the court as to materially affect succeeding statements, such changes or alterations necessarily appearing in a later accounting of the several properties.

The earnings of the Union Pacific Company proper, the constituent lines and miscellaneous companies, which gives an idea of what business has been done for eight months from November, 1893, is as follows: November, \$2,820,835 surplus; December, \$1,249,850 deficit; January, \$472,158.35 deficit; February, \$1,249,850 deficit; March, \$4,400,820.82 deficit; April, \$1,053,393.82 surplus; May, \$1,053,393.82 surplus; June, \$4,400,820.82 surplus.

These several items of deficit and surplus include the fixed charges, such as taxes and interest paid during the months reported upon.

ACTIVE WORK.

ONE ROBBER A CORPSE AND ANOTHER IN JAIL.

The Result of Active Work on the Part of a Town Marshal.

KANSAS CITY, February 9.—A special to the Times from Newkirk, O.T., says: The Blackwell overland coach was held up and robbed this afternoon by two outlaws named Johnson and Stratton. Tonight Johnson's corpse lies in the city jail and Stratton is safely behind the bars, the result of active work on the part of the marshal. Word was first received of the robbery late this afternoon. City Marshal Austin, Deputy Sheriff Masters and a few other deputies were followed to Stockton, where the robbery occurred. Although the robbery occurred some distance out of town, the pursuers had received an accurate description of the outlaws and the direction they took. The outlaws were not within gunshot and in another hour they were in view. They were exhausted from their long chase when their pursuers finally caught up to them, and although they showed no resistance, they were taken to the city jail. A short fight Johnson was killed. Stratton refused to talk and it is not known how much booty they secured. None of the posse were injured.

CABLE BILL PASSED

Result of a Debate Lasting Over a Year.

Law as a Humbug and a Fraud.

WASHINGTON, February 9.—By the decisive vote of 30 to 25 the senate voted today to approve the project of laying a cable from the Pacific Coast to Hawaii. An amendment to the diplomatic committee appropriation was made giving \$500,000 for beginning work on the cable, and authorizing the President to contract for the entire work, the whole to cost \$3,000,000. This was the result coming from the Hawaiian debate lasting more than a year, and renewed with intensity the last week in connection with the proposed cable. The debate of the last few days has shown that the lines of division were practically the same as those heretofore existing on all issues over Hawaii. Republican senators urging closer relations by cable and ultimately by annexation, the Democratic senators opposing the same.

FAIRIES HOLD REVEL

A CANTATA BY LOCAL TALENT AT THE BARTON.

The House was Four Not the Performance was Good—Notes of the Show.

It will be a matter for regret among the many friends of Mrs. D. M. Swain that the performance of the cantata, "An Hour in Fairyland," given under her direction at the Barton last night, drew so small a crowd that she will suffer a financial loss. Mrs. Swain had gone to no end of trouble to drill the 40 children who took part in the choruses and tableaux, and her work spoke for itself.

The cantata, "An Hour in Fairyland," is not an ambitious production, musically speaking, but it offers fine opportunities for stage effects, and the children who took part in the cantata, the most critical "old snobs," must have felt constrained to say with Tiny Tim, "God bless us every one." They held revel on the boards for over two hours, and during all that time the spectators were pleased and amused, so much so that several of the numbers were redemanded. This was true for instance of the interpolated songs by little "Lily," which was applauded to the echo.

There were several tableaux which commanded special mention. One of these was the happy-making scene, with choros of male and female voices, and solo by A. Carver. Another, in striking contrast, was the snow scene, a delightful novelty to dwellers on the plains of California. The young ladies and gentlemen were dressed in white, and some of the other with white snowflakes with white dots, while the others and turn-up colors made the thing very realistic.

The little fairies fairly commanded the stage with their white robes, red and yellow being the prevailing hues. Among the vocal successes scored by the children were Camille Lytton's song, "A Little Girl's Song," and "Sweetheart."

A Scrap of Unwritten History

**AT THE WOMEN'S CLUBS MEETING**

The recent Jag of Justice at Firebaugh's—What and Where is Hell?

Here is a scrap of unwritten history: It is said on the authority near in such cases, that there was considerable good-natured disagreement among the members of the various women's clubs, as to the acceptance of the address of welcome to be read on the occasion. Some one, whose identity is not known to a certainty, secretly and without the knowledge of the other members, wrote letters to a dozen well known literary men of the Pacific Coast asking for a short, pointed address, either in prose or verse, to be read at the meeting of the club. Five did not respond at all; three wrote that so many demands of a similar sort had been made, that they could not be expected to do so; and one, who was not known to the club, wrote that he would be glad to do so, but that he was not a member of the club.

When the committee of ladies met to select the best address there was much disagreement as to which was the best, and for a while it looked as if no selection would be made. Finally, however, all consented to let the majority rule, and whichever production received the majority of votes was to be the one read in open meeting. In order to vote intelligently, the members were given a list of the productions, and then proceeded to select the best. The first selection was signed "R. E. B." and was a parody on the climate and women of the Pacific Coast.

## COUNTY GOVERNMENT BILL

An Interview with Assemblyman Rowell.

W. Frank Rowell, one of Fresno county's representatives at Sacramento, was in this city yesterday, having come down on a brief visit to his home. In speaking of the proposed new county government bill, he said it was hard to agree on a measure. Different counties have different ideas about what is needed, and it is not easy to reach an agreement among them which belong to the same class. The joint committee is now at work on the bill.

It is doubtful if much more will be done in the way of reducing taxes. There is so much opposition to reductions, and so much time is required to fight them through, that it costs more than to leave the taxes as they are. The legislature, taken as they are, is working honestly and earnestly for the best interests of the state, but there are many difficulties to be overcome in this line of work.

**Wanted to go to Jail.**

Special Officer Kegan found a cripple last evening on Mariposa street who was suffering from severe cramp of the stomach. He gave him a name as Frank McCormick, and said that he had not had anything to eat for two days. He asked to be taken to jail, which was done.

**Veterinary Surgery at Reduced Rates.**

On account of the financial depression now overshadowing the country, and the fall of prices in the stock market, I offer for sale at a reduced price within the reach of all. From the first publication of this article until further notice I will make city calls at \$1.00, country visits at \$1.50 per day. I have the only infallible glandular and tubercular tests in the county. Stock suspected of having symptoms of these maladies should be put immediately under test. There is danger in delay. I treat all diseases of horses, cattle and dogs. Veterinary surgeon, a specialty. Most difficult surgical operations performed by Geo. Edwards, D. V. S., licensed by the State Veterinary Medical Board. Office and residence, 427 and 1313 Fresno City, Cal. Telephone 186; P. O. box 910.
